

LibX2.0 Installation

To install the Harvard University Library LibX 2 Toolbar ("LibX HUL") for HOLLIS catalog:

For Firefox: go to <http://libx.org/releases/ff/libx2-latest.xpi?edition=E250AAF1>

For Google Chrome: go to <http://libx.org/releases/gc/libx2-latest.crx?edition=E250AAF1>

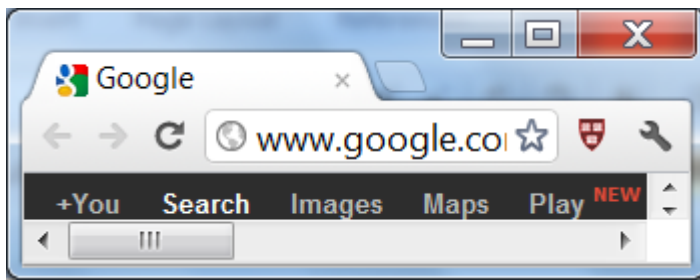

To install the Harvard University Library LibX 2 Toolbar ("LibX HUL") for HOLLIS Classic catalog:

For Firefox: go to <http://libx.org/releases/ff/libx2-latest.xpi?edition=harvard>

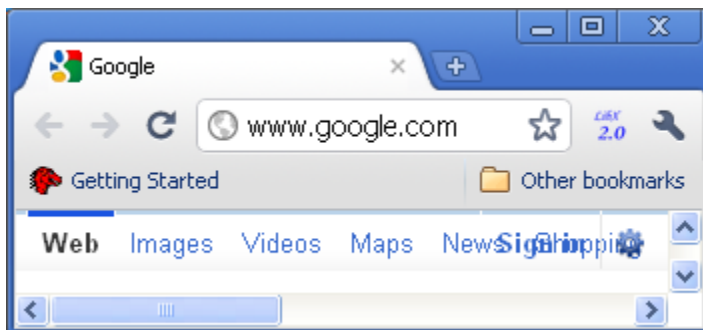

For Google Chrome: <http://libx.org/releases/gc/libx2-latest.crx?edition=harvard>

If there are warning messages, click on Continue, Allow, Install, etc.

After installation, on the upper right corner, if you see a Harvard shield, the installation is done.

If there is a generic libX 2.0 icon, you can click on the url to install again, or do the following:

Click on the libX 2.0 icon, when asked to select a libX edition, type in "Harvard University", press Enter, you get two options:

Select a LibX edition:

Harvard University
Harvard University Library Edition (id: E250AAF1) maintained by <i>weilin@hulmail.harvard.edu</i>
Harvard University Library Edition (HOLLIS Classic) (id: harvard) maintained by <i>weilin@hulmail.harvard.edu</i>

Double click to select one of them and click on Load this edition

Select a LibX edition:

Harvard University Library Edition (HOLLIS Classic) (id: harvard) maintained by weilin@hulmail.harvard.edu

Edition: Harvard University Library Edition (HOLLIS Classic)
Maintainers: weilin@hulmail.harvard.edu
Revision: [live](#)

[Load this edition](#)

In Firefox if you don't see the libx2.0 icon or Harvard shield, you can go to View > Toolbars > Customize, and drag libX2.0 icon or Harvard shield to the toolbar and restart the browser.

Click on the Harvard shield,  to search our catalogs and e-resources.

Click on Preferences to customize libX 2
